Leng Garage Fire Loss Set At \$50,000

Call Grayling Dept. For Standby Assistance

The Fire Department at Fredrick was called into action Thursday morning when a fire was reported at 6:45 a. m. by Jerry Pratt, to be burning at the William Leng garage, located on Old 27 in Fredrick. On reaching the scene Fire Chief Arthur Mayer put in a call to the Grayling Department for standby assistance. The flames had reached supplies in the building and were rising high in the sky. Due to the nature of the materials in the building, it was impossible to extinguish the fire in time to save the structure, but damage was kept from the surrounding buildings. By 8:30 the inside of the garage was gutted and the building a complete loss. Damage was estimated by Chief Mayer at \$50,000.

The blaze broke out before the garage was opened for business Thursday morning, and no one was in the building. It is thought the fire started from a defective fuse. Chief Mayer did not know how much insurance the business carried. The Grayling Department truck cruised the surrounding area while the Fredrick Department fought the blaze, and Grayling crew on the lookout for outbreaks in nearby buildings from falling sparks.

Grayling Schools To Become Registration Dist.

The Board of Education of Grayling Public Schools has voted to become a registration district. This was done to comply with the school law which was amended in 1960 to require all school elections, dealing with bonding, annexation and consolidation to which the consent of the electors is required, to be subject to chapter 8 of the school code which requires school elections to be registered before they vote in any annual or special election.

All persons who are now registered to vote in the city or those portions of Grayling, Beaver Creek and Bear Lake Township which comprise Grayling Public Schools are already registered to vote in the school district and need not register.

If one is not a registered voter he or she must register with his city or township clerk on or before Monday, March 4th in order to be qualified to vote on the proposed bond issue on April 1st.

Students Register For Summer Driving Program

Midweek Lenten Worship At Mt. Hope Lutheran

Beginning next Wednesday, February 27th, special midweek Lenten services will be held at the Mt. Hope Lutheran Church at 7:30 p. m. The theme of the Lenten season this year is, "Questions concerning Christ and You."

The season of Lent, beginning with Ash Wednesday, is devoted to an intensive study of the suffering of Christ. As the days grow closer to Holy Week, the worshiping Christian has opportunity to ponder the actual death and resurrection of Christ.

During the trial of Christ, numerous questions were asked of Him and by Him. These questions became fitting and appropriate for the 20th century Christian who would call Jesus, Lord. These questions, then, form the basis of study this year at Mt. Hope.

Members of Mt. Hope urge you to worship this Lenten season at the Church of your choice. If you have no church home, we invite you to worship at Mt. Hope.

Exchange Student Visits At Grayling High School

Miss Ingrid Runnerstrom, an exchange student from Landskrona, Sweden, who is spending a year in Michigan and attending Kalkaska High School, under auspices of the Michigan Council of Churches, visited Grayling High School February 7th, Thursday. Ingrid is staying at Lake Valley, in the Arthur Hagman home, and Miss Sandy Hagman accompanied her here Thursday. She was introduced to the five Tenth and Eleventh Grades and spent from 9:30 in the morning until 3:15 in the afternoon talking to the students and answering their questions, taking time out for lunch at the school gym. Principal Elmer Fenwick escorted Miss Runnerstrom to most of the classes. The Fentons had become acquainted with Ingrid earlier and planned her visit to Grayling.

Ingrid came to the States in August, with a group of about one hundred other students who are spending the year in Michigan and Indiana. She is 18, and has one more year of school in her native land. Her year here will not count toward her schooling at home in Sweden, however, she counts it as a travel opportunity not to be missed. Her mother is a dentist, and graduated from Northwestern University in Chicago. Her father is a wholesaler of fruits and vegetables. The community from which Miss Runnerstrom comes, is of pretty good size.

The very attractive young lady impressed the Grayling students with poise and friendliness, answering all questions easily and naturally. She told how high school classes are scheduled in Sweden, more like our college classes, meeting two or three times each week instead of daily, with students normally carrying ten subjects, compared to here. Between each class every student must go outdoors for ten minutes, regardless of weather. Five below zero is the coldest Landskrona has had, and the temperatures are usually more moderate. Education in Sweden is on a much more competitive basis, as there are only four colleges capable of registering about 40,000 students. Students do not know until the day of graduation whether they will graduate or not. They must pass an oral exam in addition to written ones, and failure to pass the oral test precludes graduation. They must take their senior over if they fail. Citizenship counts toward graduation too, and if it is not good, students don't graduate.

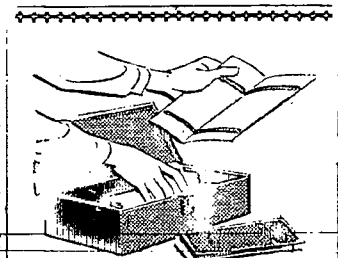

Students are very respectful to wards their instructors, standing when they enter classrooms. All during class hour there is practically complete silence. Very seldom are any questions asked, and there is almost no feeling of mutual accord between pupils and teachers. Teaching is done mostly by lectures, and there is a great deal of homework assigned. When asked if there was as much dating as in America Ingrid said there was no time for it.

Boys don't own cars in Sweden as they do here, due to the prohibitive cost. Gas is 80 cents a gallon, and drivers' licenses run from \$80 to \$100 dollars for the first one. Miss Runnerstrom is taking driver education here and plans to apply for a license here, of a type she called "international."

Miss Runnerstrom is carrying six subjects at Kalkaska, beginning typing, U. S. government, American history, English Lit among them. She finds them comparatively easy to study. She has mastered five languages in her own school, her native language, English, German, French and Latin. Students in Sweden begin when they are seven years old, rather than the five year start made here.

The group of one hundred who came here last August plan to meet in Detroit next summer, then will go to Canada for the return trip to their homes, by boat. They came by plane, which had prepared them to make a belly-landing because of faulty wheel let-down, when at the last minute the wheels did operate properly, and the landing was completed smoothly. Students were allowed to bring only 44 pounds of clothing with them.

Miss Runnerstrom had shipped clothing here in June, but by some mismanagement she did not receive this lot until some time in October.

Looking Forward!

In May of 1935, a new charter for the City of Grayling was adopted and approved by the voters. This brought the City of Grayling forward out of the village status and into the newer form of the city manager type of government.

This was almost 28 years ago. In our opinion this forward looking step should have been followed up in the very next few years with the appointment of a City Planning Commission. It took nearly 28 years to accomplish this fact.

Last week, the Grayling City Council appointed a seven man City planning group. Many people in the community have been advocating this type of commission for the future of the community for a number of years. We think it is the right approach and can bring substantial benefits to those living in and near the City of Grayling now . . . and certainly without question for those citizens who will live here in the 1970's, 1980's and beyond.

The action and successes or failures of this commission will be carefully scrutinized, we feel, by township and county government. It is our hope that the correctness and propriety of the approach will encourage both township boards and the county governing officers to join in with this way of community planning in the very near future. Thus will be brought to all citizens of Crawford County the benefits that this forward looking project can accrue. — R. W. S.

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE
FILES OF THE AVANCELANE OF 23 YEARS AGO

February 22, 1940

Last Sunday closed the season's snow train excursions. It was from Detroit and brought in a crowd of 451. While this was a small crowd in comparison with those of other Sundays, still it was one of the happiest and jolliest crowds of young people yet to come to Grayling. The park was in excellent condition, and every feature was in active use. It is surprising how ski jumping is gaining in popularity. Even some of the most timid, after having a little experience, go for it in a big way. The ski trails too are being used more and more every season, and by the time our new 96 foot ski jump and ski trails are completed, this will be an outstanding feature of the winter park. There will be no snow trains next Sunday. In all 13 came to Grayling this season.

Don't forget the ski tournament next Sunday at the winter park. All amateurs are invited. There will be four prizes. Already many entrants have been filed and a hot amateur contest is assured. Rudy Harrison is the only local entrant up to this time. Others are expected. Most of the jumpers are from Detroit, Lansing, Jackson and Flint.

Governor Luren D. Dickinson has accepted the invitation of the Michigan Hotel Association to be its honored guest at the annual winter meeting to be held Feb. 24 at Dearborn Inn, Dearborn, Michigan, according to word received from W. S. Woodfill, President of the Association.

"It should be coming more and more apparent to the country at large that Senator A. H. Vandenberg is the logical man for president. The Michigan man has the training, experience and age necessary to take on this gigantic burden," Charlotte Republican-Tribune. We quite agree with everything Editor DeFoe says about Mr. Vandenberg's fitness for the high office of president, but in spite of that we feel that Tom Dewey of New York too is well qualified for that high office.

Mrs. Guy Peterson of Big Bay stopped in Grayling Sunday and visited Mr. and Mrs. Alfred Hanson and other relatives. She was en route to Detroit to visit her sisters, Mrs. Stanley Insley and Mrs. C. W. Skinner.

Mary Lou, Nora Ann, Pat and Ellen Goddard of Bay City, and Jerry, Joe and John White of Pinconning spent Saturday at the Winter Sports park. They were chaperoned by Mr. and Mrs. T. J. Doyle of Bay City, and were guests at the Horace Shaw home.

Mr. and Mrs. Joseph Lennert are enjoying a visit this week from former's mother, Mrs. Thomas Lennert, of Detroit who came on the snow train Sunday.

Mr. and Mrs. Axel Sorenson of Detroit have been visiting in Grayling for a few days, coming to accompany Carl Kriepke to Detroit. Mr. Kriepke has given up his barber business in Grayling and goes to Detroit to resume his former position. Mr. and Mrs. Kriepke have many friends here who are sorry to have them leave.

Mr. and Mrs. Alfred Sorenson and daughter Marlene spent Monday visiting in Saginaw.

Mr. and Mrs. Guy Leverton and daughter Pearl spent the weekend in Detroit with their daughter, Mrs. Wilford Wells and family.

Mr. and Mrs. Norman Myr and the latter's mother, Mrs. Hulda Engel of Detroit were weekend guests of Mr. and Mrs. Theodore Stephan.

Mr. and Mrs. Warren Freshwater and son Douglas of Detroit, and Mr. and Mrs. Tim Strohauser of Alger were guests of Mr. and Mrs. Stanley Flower over Sunday.

Mr. and Mrs. Herbert Walther left Friday morning on a several weeks vacation trip. We inquired of Mr. Walther if they were going to Florida, and he replied that they were going where they would be seeing strange faces, and that was out west.

Congressman Everett M. Dirksen of Illinois will be the principal speaker at the Lincoln dinner to be held at Bay City next Monday evening. Several from Grayling will be in attendance.

The Hanson Cafe basketball team defeated the Boyne City team at Boyne City Tuesday night, in a good game. The score was 41-39. Marshall was high score man for the game, making 14 points.

The Grayling Flying Club members have been taking advantage of the moonlight nights and have been getting in some night flying.

Mrs. W. J. Heric was hostess to a company of ladies at bridge Friday afternoon. Mrs. Carl Nielson and Mrs. Eugene Papendick held the high and low scores respectively. Valentine decorations and lighted red tapers made a pretty lunch table.

The Crawford County Sportsman's Club distributed alfalfa to the deer feeding places at Lake Margrothe and School Section Lake Sunday. It is a great sight to see the deer come out of the swamps in the late afternoon and flock around the feeding troughs.

In their magazine section the Detroit Times last Sunday had a full page of winter sports photographs. One was of Miss Frances Entsminger, 1939, queen, in a very clever pose on her skis. There was another of Jean Stevenson on her skates, showing her cutting some pretty figures.

The Hunt Creek experimental laboratory for Fishery Institute near Lewiston is about completed. Dr. J. W. Leonard, Associate Biologist, will be director of the station. Supt. Hans Peterson says it will be worth anyone's time to go up there and visit this place when it is completed. The trip up there is beautiful in itself.

Alex Kochanowski resigned his position at the City Library to accept another position, and Howard Neal is the new librarian.

Mr. and Mrs. Herluf Sorenson, on the occasion of their silver wedding anniversary Sunday, enjoyed having a number of friends drop in that evening at their home. Again on Monday afternoon several ladies called to extend felicitations.

Delicious refreshments were served to all who came on both occasions. Mr. and Mrs. Sorenson, the latter who was Jennie Anderson, were married in Grayling on February 18, 1915.

Among the fancy skaters seen on the rink at the winter sports park there are Yvonne Bradley, Jean Stevenson, Joyce Bugby and Martel Ison who are among the girls that can cut pretty figures on the ice.

County Pulpwood Production Is High
Pulpwood deliveries from eight northeastern Michigan counties to Packaging Corporation of America's Filer City mill increased by nearly one-fifth in 1962, totaling 113,441 cords. This compares with 96,160 cords for 1961, according to Ivan Owen, in charge of the firm's regional office here.

The 113,441 cords of pine, aspen, oak and other hardwood pulpwood was hauled from forests to mill on huge, specially built trucks. "Logging and hauling was accomplished by dozens of private contractors," Mr. Owen said. "The crop they harvested represented nearly 32,000,000 in income to the area."

Oscoda County led the list with 33,722 cords. The \$638,000 paid for Oscoda County's wood meant that one of every six dollars of county buying income came from timber bought by Packaging Corporation.

Roscommon County was in second place with 20,400 cords followed by Crawford County (17,895), Montmorency (16,200), Alcona (9,146), Iosco (8,928), Ogemaw (4,210) and Gladwin (2,908).

The forest harvest took place on state and national forests, hunting clubs, Tree Farms and other private lands. Company forest and wildlife scientists assisted in planning the harvests on many thousands of acres.

Mr. and Mrs. Larry Balch observed their 27th wedding anniversary on February 15th.

The Joe Bielskis were in Ann Arbor last week for a checkup at the University for Mrs. Bielski, going from there to Detroit to spend a few days with her sister and family, the Joe Wolfes. They stopped on the way down and returned to visit their son Marvin and family in Flint, and were gone altogether Tuesday to Friday.

W. J. P. Failing of West Branch is visiting his sister and husband, Mr. and Mrs. Earl Wood, for some time. His daughter brought him Wednesday of last week.

Mrs. William MacLeod entertained the Just Us Club ladies with a Valentine party at her home Monday of last week. The ladies made and exchanged Valentines, and enjoyed a delicious repast.

The Twilight Twirlers will resume lessons as usual this week under Mrs. Richard Lippard, who took time out to have a baby boy last Thursday.

We will be closed on Tuesday, Wednesday and Thursday, February 19, 20 and 21 for spring cleaning. We'll be ready and happy to serve you starting Friday, February 22. The Pink Lady.

The Robert Strongs visited their son Robert and family in Mt. Pleasant on Sunday.

Miss Darlene Portwood celebrated her fifteenth birthday Friday starting with nine young ladies accompanying her to the Sportsman's Club to enjoy fish and chips, then returning to her home for a pajama party into the wee hours of Saturday morning. Darlene's parents, the Clarence Holcombs, watched a large grey and white owl fly into a cedar tree right outside their home at dinner time one day recently. He stayed for about a half hour and then flew away, still in daylight.

Mrs. William Sorenson and daughter Irene took her mother-in-law, Mrs. Carl Sorenson, to Lansing Sunday before last, for a visit with the latter's daughter and family, the Fred Joneses. After spending a little time there she went on to Garden Grove, California, to spend a couple of months visiting her sister and husband, Mr. and Mrs. Ervin Hodge.

GRANGE NOTES

The Grange members and friends who attended the potluck supper and card party Saturday night were well pleased with the added attraction of two color and sound films, the first "The Beginning," by Del Webb showing life in Sun City, Arizona, for retired couples over 50 years of age, and also several pictures of similar cities being built in other states. The second film was from the U. S. Department of Commerce on redevelopment administration in Washington, D. C., showing how aid can be obtained to create jobs for

unemployed.
The Grange thanks our Supervisor Bernard Fowler for showing the films and the Grayling school for the use of their projector and screen.
F. Skingley, Grange Lecturer.

IN MEMORIAM

In memory of our brothers, Chris and Carl Jensen, who passed away February 22 and 25, 1957. The years may wipe out many things, but this they wipe out never: the memory of those happy days when we were all together.

**Council
Proceedings**

Regular meeting of the City
Council was held on January 14,
1963.

Meeting called to order at 7:30
P. M.

Members present: Duley, Gieg-
ling, McNamara, Madson.

Members absent: Hoffman

City Attorney Charles E. Moore
present.

The minutes of the previous
meetings were approved by the
Council as read.

Mr. Fowler appeared before the
Council regarding the stand-by
fire agreement between the City
of Grayling and Grayling Town-
ship. Some discussion was held on
the contract offered by the City,
after which it was decided to table
the issue until further investiga-
tion could be made.

The bids on fuel oil for the City
for 1963 were opened and read.
The bids were as follows:
Post Oil Company, Inc., 13 cents
per gallon.
Tutts Distributing Co., 13.2
cents per gallon.
Standard Oil Company, 13.15
cents per gallon.

A motion was made by McNa-
mara and supported by Duley that
the bid by the Post Oil Company
for 13 cents per gallon be accep-
ted.

All voting in favor, the motion
carried.

The bids on the police car from
the various dealers were opened
and read as follows:
FORD MOTOR SALES: 1963 Ford
"300" series, Standard, \$2,149.49;
1963 Ford Sentinel, Police Special,
\$2,224.49.
JIM BROWN CHEVROLET: 1963
Biscayne V-8, 4-door Sedan, \$2,
220.00; 1963 Biscayne, Police
Special, \$2,359.00.
MOSHIER SALES & SERVICE:
Pontiac Catalina, Standard 4-
door, \$2,467.80; Pontiac Catalina
Police Special, \$2,657.50.
McEVERS MOTOR SALES: 1963
Buick LaSalle, 4-door Sedan,
\$2,990.00; 1963 Buick Special, 4-
door Sedan, \$2,450.00; 1963 Ram-
bler Ambassador, "800" \$2,485.00.

A motion by Giegling and sup-
ported by Duley that the bid sub-
mitted by Welsh Motor Sales for
the police special for \$2,224.49 be
accepted.

All voting in favor, the motion
carried.

A motion by Duley and sup-
ported by McNamara that the monthly
estimate from Peterson & West-
burg on the disposal plant con-
struction job for \$13,452.96 be ap-
proved for payment.

All voting in favor, the motion
carried.

A motion by Giegling and sup-
ported by McNamara that the state-
ment of William Porter Con-
struction Company of East Jordan
for the Galen Street sewer and wa-
ter job, for \$6,988.00 be approved
for payment.

All voting in favor, the motion
carried.

A discussion on the present san-
itary sewer rates for the City was
held and a review of the study by
Williams & Works, engineers, was
made. It was determined by the
Council that due to the ex-
tensive cost of rebuilding the
disposal plant and portions of the
sanitary sewer, that a raise in
rates is necessary. The rate in-
crease will cover the cost of op-
erating plus repayment to the gen-
eral fund, over a period of years,
the money used to build the dis-
posal plant and sewer extensions.
Therefore, a motion was made by
McNamara and supported by Duley
that the following rates be estab-
lished: minimum sewer charge to
be \$2.50 for the first 2,000 gallons
of water used per month and six-
teen cents for each thousand gal-
lons used thereafter.

All voting in favor, the motion
carried.

A motion by McNamara and sup-
ported by Giegling to amend the
house trailer ordinance No. 21 to
read as follows effective February
1, 1963:
IT IS HEREBY RESOLVED,
that Ordinance No. 21 of the Com-
piled Ordinances of the City of
Grayling entitled "An Ordinance to
regulate the parking and control of
house trailers within the limits of
the City of Grayling" is hereby
amended by adding one new sec-
tion thereto, to be known as Sec-
tion 8(p), to read as follows:
Every owner or occupant of a
dwelling house located in the
City of Grayling shall have the

right to keep, for storage pur-
poses only, one house trailer, being his
own property, on the premises so
owned or occupied by him, PRO-
VIDED, that such trailer shall not
in any manner be used for living or
sleeping purposes, AND PROVI-
DED, that such owner shall first
obtain from the City Clerk a stor-
age permit therefor, such permit
to be affixed to and maintained on
the outside of the house trailer so
placed for storage. Each storage
permit so issued shall be valid for
a period to be stated thereof which
shall not be in excess of one year
and may be renewed for additional
periods upon application to the
City Clerk. The fee for each per-
mit and for each renewal thereof
shall be \$5.00, to be paid in ad-
vance at the time of application
therefor. Any person who shall
use, or permit to be used, any stor-
ed house trailer for any purpose
other than storage shall forfeit any
permit received by him and in ad-
dition shall be subject to penalty
for a violation of this Ordinance.
This amendment shall become ef-
fective as of February 1, 1963.

All voting in favor, the motion
carried.

A motion by McNamara and
supported by Giegling that James
Duley be appointed to the board
of directors of the Little League
summer baseball program and al-
ternate director to be H. D. Mad-
son.

All voting in favor, the motion
carried.

As there was no other business
to come before the Council, it
stood adjourned at 9:30 p. m.
Harold S. Cliff
City Clerk

Special meeting of the City
Council held on January 28, 1963.
Members present: Duley, Gieg-
ling, Hoffman, McNamara, Mad-
son.

Members absent: None.

The parking of cars on streets
that cause a hazard to traffic and
hinder the proper removal of
snow was discussed. The City
Manager was instructed to check
more thoroughly into this matter
and to have cars impounded if
necessary.

A discussion on the new propo-
sed State Constitution was held. It
was felt that because of the many
complications involved in the pro-
posed document that any action
by the Council to endorse the adop-
tion could not be had at this time.
Therefore no action was taken.

Mayor Hoffman recommended
to the Council that the City give
the Grayling Golf Club an old wa-
ter pump purchased for pumping
water to the light plant. All agreed
this should be done.

A motion by Hoffman and sup-
ported by Madson that, starting
March 1st, water meters will be
read each month; customers to
read their own meters and the
City will furnish these cards each
month.

All voting in favor, the motion
carried.

A motion by Hoffman and sup-
ported by Duley that steps be tak-
en to organize a City Planning
Commission immediately.

All voting in favor, the motion
carried.

A motion by McNamara and sup-
ported by Duley that stop signs be
placed on Ionia Street at the junc-
tion of Spruce Street, making
Spruce Street a through street.

All voting in favor, the motion
carried.

As there was no further business
to take before the Council at this
time, the Mayor adjourned the
meeting at 11:30 P. M.

Aquarama Motel Is Awarded AAA Rating

Aquarama Motel, three-quarters of a mile south of Grayling on the 1-75 Business Loop, has been recommended as an approved facility to 8,000,000 American Automobile Association members, it was announced today.

The tourist facility has been awarded AAA's recommendation, according to Jerry E. Fisher, Automobile Club of Michigan touring manager.

The addition of Aquarama brings Michigan's total of AAA-recommended hotels, motels, restaurants and resorts to nearly 500. These facilities are expected to share in an estimated \$900 million state income from tourism in 1963.

The tourist industry is the state's third largest income producer, next to manufacturing and agriculture.

The newly-appointed facility will soon be listed in the Great Lakes Tour Book that is given to all AAA members who travel through Michigan.

REPORT from LANSING

ROSS O. STEVENS
(Presque Isle District)
Your State Representative

Legislative wheels are turning much faster than in previous years, which is all to the good.

In addition to my bill which allows Supervisors to regulate peddling in their respective counties, I have introduced two others and am working on another. One of my bills, if enacted into law will give children riding in small school buses the same protection from motorists as is now enjoyed by those riding in larger buses. At the present time, motorists are not required to stop for school buses that are loading or unloading children if the school bus capacity is twelve students or less.

Another of my bills, if passed, will prevent breweries from using throwaway cans or containers made of aluminum. Tin cans eventually rust away, but the more permanent aluminum cans soon would litter our highways and road-side fields to no end. If we are to promote tourism, we must keep our road-sides clean. This bill would be a preventive measure.

A bill I have in preparation would stipulate that when the Conservation Department sells or otherwise disposes of land, the new owner would own soil and other non-metallic substances for 100 feet in depth.

Presently the Conservation Department is entitled to reserve mineral rights and strictly speaking the term "mineral" includes soil, gravel, sand, clay, in fact everything except plants and animals. More and more the courts are tending to follow the strict interpretation.

My bill will insure that the new owner will own top soil, sand, gravel, clay and so forth to a depth of 100 feet. I think a person should own something when he acquires a piece of land from the state.

All of my bills have been suggested by people from my district, and this fact I like. It is a pleasure to be a representative of the people when such good cooperation exists.

One day last week I had the privilege of serving as chairman of the Committee of the Whole. This simply means that I acted as chairman of the entire House of Representatives while that body was considering a bill. The session was short, but I enjoyed the assignment and will look forward to another similar experience.

There are 110 members in the House and therefore this privilege does not come often to each member.

United States Forest Service cutting projects such as shown above have aided employment in the county as between forty and fifty men have been hired for this fire trail brushing job. About twenty, or nearly half of the force, is from Frederic. The work is being carried out on National Forest land in Crawford County under the direction of Forestry technician Francis Coyle of the Mio office of the U. S. Forest Service. The cutting also aids the deer as the brush is left for the animals to clean up. There is enough funds on hand for this project to keep the present work force going until about April 15th. It is hoped that further funds will then be made available for other projects on Federal forest land. The Mio office has also cleared out a road south from M-72 east of Grayling to Twin Lakes and in the spring will develop a campground on the lakeshore. Steps will be installed, wells driven and fireplaces, picnic tables and toilets procured for the new area.

The Story of Skis

Today's sleek-styled ski, a popular piece of equipment to thousands of winter recreationists in Michigan, had its beginning at least 5,000-6,000 years ago somewhere in central Asia. At that dawn stage in its history, the ski was a crude plank-type affair shaped much like the snowshoe. From this birthpoint, it journeyed westward into Scandinavia, Europe, and northern Russia where two basic designs came into being: The Arctic and The Southern. Both of these ski types are still used today in that region. The Southern type is the direct ancestor of modern racing skis. Somewhat later, the Bothnian ski appeared, featuring ornamental carvings on the toe and heel. Unlike the earlier styles, the toe of this ski has a pronounced upward curl, similar to the present-day design. Finally, the narrow Central Nordic or Modern Type ski entered the picture. Although the ski has passed through many changes in styling, its basic design is pretty much the same as it was thousands of years ago. Perhaps the biggest change is in the use of skis. Originally developed as a vital means of survival, they are now mainly used for recreation. Upwards of 165,000 skiers are expected to streak down mountains, hills, and slopes in Michigan this winter.

BITS O' TALK

Trooper Russell Scholtens of Prudenville stopped in at the Avalanche last week to say that his father-in-law, Menno Corwin, has been released from Saginaw St. Mary's hospital Wednesday, and was doing well. Menno is to go back in another week for a check up.

Miss Nancy Robinson of Central Michigan University was the weekend guest of Marshall Atkinson at the home of his mother, Mrs. Alex Atkinson, for the winter sports carnival February 9th and 10th.

Mr. and Mrs. Jim Petersen entertained with a dinner Wednesday evening the 13th, their guests being Mr. and Mrs. Wesley LaGrow, Steven and Janet, and Myrton Burrows. The occasion was Myrton's birthday anniversary.

Form Kiwanis Club At Nassau, Bahamas

The Kiwanis Club of Nassau, Bahamas, the first to be established outside continental North America (except in the State of Hawaii) was chartered Saturday evening, February 9th, in impressive ceremonies at the Nassau Beach Hotel. Information on the chartering was received here by Dr. Ralph Hoffman, President of the Kiwanis Club of Grayling.

We will be closed on Tuesday, Wednesday and Thursday, February 19, 20 and 21 for spring cleaning. We'll be ready and happy to serve you starting Friday, February 22. The Pink Lady.

Mr. and Mrs. Richard Lovely are entertaining their granddaughters, Lisa Ann and Emily Sue Gannon, while their daughter and family, the Bill Gannons and sons Dennis and Pat, are in Phoenix, Arizona, for a month.

Mrs. Frank Bond was hostess to Matilda Bauman Circle, at a paid luncheon Friday, the 8th, to raise money for the student exchange fund. A nice crowd turned out for the luncheon.

A Dream That Came True

A dream of a new nurse's home that has long awaited the student nurses has finally come true. The new home is equipped with a single unit for each student, in which everything is compact and very attractive looking. There is also a guest room, a kitchenette, and a setting room which all join in to make a comfortable atmosphere. Although there are many memories from the big white house, we have encountered and shall never forget, but the joy of moving from the big white house to the new nurses home is an experience we will always remember.

To us the new nurses home is in an ideal location for the fact that it is adjacent to the hospital, which will permit the student nurses in the winter months from the long cold walk from the old nurses home.

Whether living in the old nurses home or the new home we can always be proud to call it our home away from home.
